ICiPS
Charitable
purpose

'Embed continuous improvement in the delivery of public services through education'.

ICiPS objective

'Being the catalyst for the creation, safeguarding and dissemination of knowledge on how to embed CI in public service delivery'

Through

barriers to embedding CI and how to overcome them

Innovation – We inform best practice by understanding

- 1. Establish a research program based on common areas of interest
- 2. Undertake a range of research
- 3. Collate and analyse insight arising from internal and external sources
- 4. Benchmark CI cultures

Through

Collaboration – We facilitate collaboration and sharing as a route to effective and efficient continuous improvement

- 1. Develop and host on-line CI communities of practice
- 2. Host a central repository of knowledge
- 3. Facilitate cross sector share and solve groups
